TODO: Replace this file with your actual resume.

This is a download placeholder. It does not claim any education history, employment, achievements, or certifications.

Before publishing

1. Complete your browser-readable resume using the files in **src/data/**.
2. Export a reviewed, accessible PDF of your resume.
3. Replace **public/resume.pdf** with that PDF.
4. Set **resumeReady: true** in **src/data/profile.ts**.

The website download URL is base-aware: /Web-Portofolio/resume.pdf on this repository's GitHub Pages site.
